

Switches

Industrial Switches

Jaymor manufacture a range of industrial switches. All switches have rugged cast aluminium bodies and lids with high impact powder coat finish.

The **AFS** is a heavy duty footswitch.

The **BCS** switch has a wide range of configurations.

The **BCS1** is a pullcord switch with pull on/release off configuration.

The **BCS2** is a pullcord switch with pull on/pull off configuration.

The **BCS3** is a pullcord switch with pull on/pull off configuration with an extra safety switch for 3 wire control.

The **BCS3 Lockout** features an additional mechanical lockout that must be reset before the switch can start.

The **BFS** is as per BCS3 configuration with a pedal for foot operation.

The **LS2** is a Lanyard safety switch that has pull off/manual reset operation.
